## Apology

We are afraid that some of our patrons had to stand on their heads to read one of our inside pages last week. We experienced press trouble and some of its pages caught in our trouble went to some of our subscribers.

We sincerely apologize and hope that there will be no recurrence.

## Carnival Day Here

Next Tuesday, February fourteenth, is Mardi Gras, or "Fat Tuesday", and will be a holiday in our Hancock County, but more than that it is a day of celebration, masking and revelry.

For generations the City of New Orleans has been famous throughout the nation for its Mardi Gras celebration and yearly people of our county have trekked to our neighboring city to celebrate this annual occasion but during the past few years business and civic-minded people of our county have aided individually and financially toward the staging of a local parade on Carnival day which has annually proven great success. It has been such a success that a majority of the local citizenry has desired to remain at home on Mardi Gras and see local talent prevail.

We understand that the local Carnival Day Committee is hard at work planning another wonderful day of merriment and entertainment and we should be proud of their efforts and again join in and see "local industry" at play.

Candidates For  
City Election  
The deadline to qualify as  
candidate for City Commission-  
er of the City of Bay St. Louis,  
expired midnight February  
2nd, with five men qualifying.  
The five candidates who filed  
petitions with the three Elec-  
tion Commissioners of the  
City prior to the deadline were:

George E. Heltzmann, Roland  
Dillman and Theodore A.  
Heltzmann.  
In order, to secure their

held, it was necessary for each  
candidate to file with the elec-  
tion commissioners a petition of  
at least 50 qualified electors of

petitions are now being check-  
ed by Capt. Charles Traub,

Notes  
MAKE THE SKIPPER SKIP  
You all know how good home-  
cured meat is. That is when it  
is free from skipper or other  
insect infestation. Here are a  
few methods of protecting your  
home cured meat from insects:  
Eliminate breeding place of  
meat-house pests. These insects  
and mites feed and breed on  
many animal products and by-  
products. Even grease and tiny  
scraps of meat or cheese lodg-  
ed in cracks in shelves, walls  
and floors can harbor them.  
Brush and scrub thoroughly  
with soap water all places  
where meat has been or is to  
be stored. Give special atten-  
tion to cleaning out cracks in  
shelves or floors. Smokehouses  
that are to be free of meat for  
any length of time should be  
cleaned as soon as the meat is  
removed and then sprayed.  
Keep all meat scraps in tight  
containers until rendered.  
Slaughter and cure meat dur-  
ing cold weather while insects  
are inactive.  
Protect the meat before in-  
sects become active in the  
spring.  
Keep flies, ants and other  
insects out of meat rooms as  
they may carry mites. Be sure  
that all doors and windows are  
tightly covered all openings  
with a fine screen having a  
mesh of not less than 30 meshes  
to the inch.  
After cleaning the meat stor-  
age area, spray with a broad-  
spectrum insecticide. Here are  
two: pyrethrin 1% spray 3.3  
ounces of 25 percent of choline  
wettable powder mixed in a  
gallon of water or 1 pound of  
50-percent wettable DDT mixed  
in 2 1/2 gallons of water. Keep  
off of food.

## Hancock County Oil Progress

Drilling in the Bayou La Poudre area well has slowed down during the past week due to the fact that Marshall R. Young Company has been taking various tests, and they are nearing the contract depth of 10,600 feet which was according to the original plan. This week drilling was below 10,000 feet, and it is assumed that if indications are favorable when the 10,600 depth is reached, further depth will be explored.

The Cuevas No. 1 well and Sec. 30, Township 15 S., Range 15 W., is currently pumping oil into 25,000-gallon storage tanks, and then being shipped by barge to Shell Refining Plant in Chalmette, Louisiana for refining. Gas from the well is being burned and some of it is being used in the steam boiler for the large drilling rig which is beginning operation in the Baldwin No. 1 well located in Sec. 31, Tp. 9, R. 15 W.

Surface casing was set for the Baldwin No. 1 well last Sunday, and it takes several hours for the concrete to harden before drilling operations can proceed. It is anticipated that drilling will begin the latter part of this week. It is likewise anticipated that this proposed well is being drilled to a greater depth than any other well in Hancock County thus far.

**MARTIN HENRY RADOSTA WEDS MISS SUE MAUFFRAY**

Miss Mauffray is a grand daughter of Mrs. J. O. Mauffray of Bay St. Louis.

JOHN BAILEY

John Bailey is a double-barreled citizen. Weekdays, he's a switchman for the Louisville & Nashville R. R. One night a week he's first Sergeant of Bay St. Louis' Company C of the 890th Eng. Avn. Bn.

At 23, John still gets a kick out of parading in his military uniform. He has real pride in making his outfit one of the best in the battalion. Last year the Company was the baby company of the battalion. This year, John's company is shooting for 100 men at Summer Training—an increase of 33 over 1951. Anyone, from 17 or 35 is eligible to join.

John likes the fact that he is a Guardsman. He points out that \$500 a year in Guard pay comes in mighty handy, where there is a new Pontiac involved. John has four years' service behind him now. In another sixteen, he'll be eligible to retire, and draw a good-sized pension when he reaches 60.

## Goal Of 25 Quota For Nat. Guards

A recruiting goal of 25 has been set for Company C, 890th Eng. Avn. Bn., Bay St. Louis, in the one-day membership drive of the National Guard set for February 22.

In announcing the goal, Lt. Kingston said particular emphasis would be placed on reaching the parents of prospective recruits.

The young man of today is not going to decide on so important a matter as his Military future without leaning heavily on the advice of his parents, Lt. Kingston said.

Through enlistment in the National Guard, Lt. Kingston said, a young man can receive his military training while serving with his friends at home, can earn extra money and build up a retirement pension, and has an opportunity to learn new skills which can be valuable to him in civilian life.

He gives his instruction in soldiering and many technical fields, the Guardsman can attend regular Army service schools and receive pay while doing so. Also, home-study extension courses can be taken, opening the way to fast promotions.

For further information on their son's careers in the National Guard, parents are invited to visit the Guard armory on the day of the recruiting drive. Special arrangements have been made for Guard personnel to answer in detail all questions relative to enlistment.

Guard members will devote the first two hours of recruiting day to drill, following which they will engage in an intensive membership drive for the rest of the day. In addition to recruiting parents at the armory, they will visit the homes of prospective recruits. Recruiting information can also be obtained by calling the Armory 1385.

**DONNIE McCULLOCH CELEBRATES BIRTHDAY**

Donnie McCulloch celebrated his twelfth birthday on Friday evening with a supper-dance at the home of his parents on North Beach.

Each of the young ladies upon her arrival were presented a pink camellia corsage by her host.

The supper table in the dining room was covered with an ecru lace cloth and centered with an arrangement of pink camellias and pink candles. A delicious menu was served buffet style by Mrs. McCulloch. Dancing and games were enjoyed by Donnie's guests, and punch and birthday cake was served during the evening.

## Presents Program

At the completion of a unit on the study of Indian craft and customs, kindergarten pupils of Christ Episcopal Church Day School entertained their parents on February 3rd with a program in their home room. The children, dressed in costumes they had helped to make themselves and each named an Indian name, presented songs and dances reflecting various aspects of Indian life.

On a display table were numerous examples of Indian craft made by the students including wigwams, tom-toms, necklaces, canoes, woven rugs, and painted pottery bowls.
